10 QUESTIONS TO ASK YOURSELF

How do I want to make a positive impact in my lifetime?

How do I want to make an impact *after* my lifetime?

What are my ultimate financial goals — during my lifetime and beyond?

Who do I want to help?

What do I expect to achieve by offering my support?

How do I want to share my values with other family members?

Does helping others make me feel good?

Do I want to know the impact my contributions will make?

How will I learn the impact my contributions will make?

Will someone safe guard my wishes even after I'm gone?

*WITHOUT A PURPOSE,
NOTHING SHOULD BE DONE.*

LAUNCH YOUR FUND ONLY WHEN THE CONDITIONS ARE RIGHT

YOUR INDIVIDUAL GOALS ARE THE MOST IMPORTANT REASON TO CHOOSE ONE VEHICLE OVER ANOTHER.

Other providers who do not specialize exclusively in philanthropy have a vested interest in the recommendation of certain vehicles. We do not. Our advice to you is neutral — if a private foundation outside of The Chicago Community Trust is ideal for your situation, we will say so.

Our fiduciary obligation is to the public, to the region and to our donors — not to shareholders or to profitability goals. Because The Chicago Community Trust is a public charity, our advice is unbiased in ways that will always put your interest first and foremost.

We will be happy to discuss options with your team of advisors to determine the optimal philanthropic vehicles for your financial and philanthropic goals. Our experts have helped many individuals and families devise the ideal income or wealth preservation solution for their circumstances — and we will be happy to do so for you too.

HOW WE WORK WITH YOU, YOUR LOVED ONES AND YOUR ADVISORS

HOW **OUR EXPERIENCE** COLLABORATES WITH YOUR EXPERIENCE.

Let our philanthropic professionals advise you on how to thread the needle. Opening your fund at the Trust is the surest way to realize your charitable intentions, now and for always.

The Chicago Community Trust is dedicated to the progress of all communities within our larger region — urban, suburban and exurban. For over 100 years the Trust has been a prominent part of the local philanthropic landscape, helping donors examine the deeper problems affecting our region that deserve greater attention, as well as new ways to enhance the impact of their giving.

Our vision is a thriving, equitable, connected region where people of all races, places and identities have the opportunity to reach their potential. One of the ways we will achieve that is by collaborating with our donors — making their philanthropic strategies more informed and effective.

At The Chicago Community Trust, your freedom to give to any worthy organizations across the nation is unrestricted. But the Trust also offers our own unique philanthropic leverage in that you can lend your support to Trust initiatives, or we can help you gather like-minded donors to support nearly any area that interests you.

OUR VISION IS A THRIVING, EQUITABLE AND CONNECTED REGION WHERE PEOPLE OF ALL RACES, PLACES AND IDENTITIES HAVE THE OPPORTUNITY TO REACH THEIR POTENTIAL.

CHOOSING THE RIGHT OPTIONS FOR YOU.

We can also help your advisors build more effective solutions for you.

The legal and financial structures of your philanthropic funds, your business interests, your personal assets, your tax situation and your estate can and will interact in unexpected ways — unless you take a proactive approach now.

We'll show you all the options at your disposal,

with the advantages and disadvantages of each for your situation. We'll advise you before, during and after you set up your philanthropic plan. We'll bring you new insights into charitable opportunities, introduce you to other donors, and connect you with topical experts in the fields that interest you most.

WE CARE ABOUT WHAT YOU CARE ABOUT

For every interest you hold — such as education, critical needs, neighborhood investment and hundreds more — there is a Trust community impact officer and philanthropic advisor who can assist your charitable plan of action.

No financial institution can match the Trust's depth and breadth of knowledge of Chicago nonprofit organizations. No other philanthropic entity produces as broad a survey of the local landscape as our experts do and have done for over 100 years.

A NOTE ABOUT FEES

All financial vehicles, including the categories shown on pages 4 and 5, are subject to fees. Before choosing a provider for your philanthropic strategy, the key is understanding the importance of the services available and the value of the services received.

In addition to all of the features you would want from a traditional provider — a wide range of philanthropic fund options, traditional and impact investments, online access to your fund and weekly grant making — the Trust offers much more.

Only donors at The Chicago Community Trust receive the benefit of our local expertise and focused knowledge. Nonspecialist providers may offer lower fees — but you will receive less service, little to no philanthropic advice, zero connection to major nonprofit organizations, a lack of experience with local causes and no community of donors to meet or experts to guide you. Of course, in contrast with other providers, The Chicago Community Trust offers all of these services and more.

The fees for funds held at the Trust adhere to traditional formulas that have been adopted throughout the industry — based on asset levels, fund minimums, administrative needs, annual charges, credit charges and so on.
