Part I, Line 2:

Competitive funding requests follow a request for proposals (RFP) process.

Prospective grantee organizations submit grant applications in response to

RFPs outlining the purpose of the grant, the population to be served, and

the expected outcomes. Staff review the proposal package to determine the

merits of the application in order to make a recommendation. All

recommendations are then presented to the CEO for consideration and

approval. Recommended funding requests over \$250,000 are also presented to

the board for review, with the board providing final approval on those

above \$500,000. If approved by either the CEO or the board, the funding request is awarded. Upon award, the grant management office prepares the grant agreement that includes the purpose of the grant, the grant conditions and the grant payment schedule. The grantee organization must accept the grant by executing and returning the grant agreement to The Chicago Community Trust. Once received, payments are initiated by the grant management office based on the payment schedule and provided that all grant conditions are met. At the conclusion of the grant period, the grantee submits a final report describing the use of the grant and the outcomes.

Donor advised grant recommendations are submitted by the advisor of the fund to the Trust. The grant management office conducts due diligence on each recommendation which includes carefully vetting the grantee organization for 501(c)(3) status, charitability, and other legal requirements. Once due diligence is completed, the recommended grants are validated and authorized for payment by the grant management office. The Chicago Community Trust also awards grants through a designated grantmaking process. This process allows donors to direct funding to specific charitable organizations. The grant management office conducts due diligence on each recommendation which includes carefully vetting the grantee organization for 501(c)(3) status, charitability, and other legal requirements. Once due diligence is completed, the recommended grants are validated and authorized for payment by the grant management office.

Form 990, Part I, Line 1, Description of Organization Mission:

Provides grants and other resources to improve the community; addresses
community challenges; and promotes philanthropy by informing donors
about philanthropic opportunities.

Form 990, Part III, Line 4a, Part 1:

The Chicago Community Trust unites generous donors, committed
nonprofits, and caring residents to effect lasting change that moves
our entire region forward.

In 2019, the Trust adopted a strategic focus aimed at closing the
racial and ethnic wealth gap after determining it was preventing the
Chicago region and the people who call it home from thriving. This
wealth inequality stems from decades, if not centuries, of
discriminatory policies, systems and practices that have led to
disinvestment and higher poverty rates in communities of color.

In 2023, the Trust continued its commitment to strengthening the
Chicago region by meeting residents' immediate needs, addressing the
root causes of deep-seated issues, and working to advance opportunity
and prosperity for the people who call it home.

Key accomplishments in fiscal year 2023

In fiscal year 2023, the Trust's staff and Executive Committee began to
assess how its work was going and further define its approach for
deeper impact. The first phase of this refinement process commenced in

LHA For Paperwork Reduction Act Notice, see the Instructions for Form 990 or 990-EZ.

mid-2023 and is expected to conclude in mid-2024 with more precise and measurable program goals.

During this time, the Trust continued to focus its discretionary grantmaking and initiatives on growing household wealth, catalyzing neighborhood investment, building collective power, addressing critical needs, advocating for policy change, and connecting philanthropy to impact.

In FY2023, the Trust made 582 competitive grants totaling \$60.9 million to advance its strategic priorities. Much of this work focused on historically disinvested communities suffering from high rates of poverty and a lack of wealth, which are largely home to Chicago's Black and Latine residents. These figures include grants made through funding collaboratives in which the Trust participates. The following are some highlights of how the year's grantmaking embraced the Trust's aim to be a changemaker, addressed equitable economic recovery from the pandemic, and advanced strategic priorities.

Growing Household Wealth

The Trust's Growing Household Wealth goals are to increase wealth in historically disinvested communities to support stronger households, neighborhoods and the Chicago region broadly. In FY23, this portfolio made 72 grants totaling \$9.3 million, including \$1.05 million to 4 community development financial institutions and housing counseling agency partnerships working to increase access to affordable lending products for current and prospective homeowners, and \$2.2 million to 17 organizations providing workforce development, post-secondary

education, and financial health supports.

Connecting Capital and Community (3C) is a funder collaborative housed at the Trust focused on piloting solutions to increase homeownership in communities of color. Through the end of 2023, 3C expanded to include 16 partner organizations, including government, CDFIs, developers, nonprofits, and CBOs, and awarded \$2.3 million in grants to support its priorities. That included securing 37 vacant lots with an additional 68 in process, completing 6 homes, building a pipeline of 143 households receiving counseling and/or homebuyer education in East Garfield Park and Humboldt Park, supporting 16 families to become homeowners, and launching a new peer mentoring program for prospective homeowners through the Chicago Housing Authority's Choose to Own program.

The Fund for Equitable Business Growth, a funder collaborative housed at the Trust made grants totaling more than \$2.37 million to Business Support Organizations and worker cooperatives. Grant recipients are engaged in partnerships that improve and expand access to capital and provide specialized business consultation services and other support for underrepresented entrepreneurs in the Chicago region.

Together with Kinship Foundation, through the Searle Funds at The Chicago Community Trust, the Trust provided 19 grants totaling \$3.4 million through Bridges to Brighter Futures, which helps create equitable access to good jobs and continued career development. These grants are helping Black, Latine, and low-income Chicagoans who have earned a high school diploma or GED take the next step in their career development. Included in this funding was a \$350,000 grant to One

Million Degrees in support of placing community college students on an accelerated career path to economic mobility by connecting scholars to the private sector and corporations that, in turn, connect scholars to career pathways and professional networks that provide access to a more inclusive economy.

Catalyzing Neighborhood Investment

The Trust's Catalyzing Neighborhood Investment strategy has three interrelated areas of work: strengthening the neighborhood investment ecosystem, planning and development processes, and finance and policy solutions. Grants from the strategy typically have elements of at least two of these areas. In FY23, this portfolio made 76 grants totaling \$8.4 million.

Within the Catalyzing Neighborhood Investment portfolio is the Pre-Development Fund, a first-of-its-kind program launched in 2020 to provide underrepresented developers with make-or-break funding during the predevelopment phase of their work. In 2023, the Trust provided \$2.1 million in grants to 23 projects.

In 2023, the Flexible Funding program made its fourth round of grantmaking to 15 neighborhood organizations leading work that aligns with the Trust's priorities. A total of \$1.3 million in funding will allow these organizations to be proactive in building the environment in their communities that will work to increase investment.

In 2023, the Trust provided \$1 million for Allies for Community Business (A4CB) to establish a loan loss reserve fund to facilitate the

---	--

deployment of \$5 million in revenue-based financing to a diverse set of Cook County entrepreneurs with high growth potential. The grant for the loan loss reserve is crucial to A4CB's ability to be able to offer this type of financing in an economically prudent manner.

Building Collective Power

The Trust's Building Collective Power strategy strengthens networks, amplifies community voice, and builds local coalitions that support neighborhood vitality and action. In FY23, this portfolio made 75 grants totaling \$9.5 million.

The Trust awarded more than \$5 million to foster "communities of practice" among individuals and organizations doing similar work - for example, with youth in the arts - to exchange strategies, support one another, and identify collective efforts. That included more than \$4.4 million in grants to support community organizers through the Changemakers Network and \$1.38 million for leadership development programs for underserved communities and populations.

In partnership with Connecting Capital and Community (3C), Building Collective Power provided \$400,000 in grants to seven organizations to highlight Black and Latine experiences with homeownership and the home-buying process.

Advocating for Policy Change

The Trust's Advocating for Policy Change strategy supports organizations that bolster the policy ecosystem, and advance policy and systems change. In 2023, this portfolio provided \$5.4 million in 68

---	--

grants, including \$1.4 million to 16 organizations to support the equitable use of federal recovery funds.

In a collaboration between the Advancing Policy Change and Growing Household Wealth strategies, the Trust provided \$2.5 million in 25 grants to organizations working in coalition to advance equitable policies that promote wealth building.

Policy victories included Governor Pritzker signing of the Scavenger Tax Sale reform into law, which will bring 27,000 properties trapped in the tax sale out of limbo, into the Cook County Land Bank, and eligible for redevelopment.

Addressing Critical Needs

The Trust's Addressing Critical Needs strategy responds to the emergent needs of the residents in crisis through targeted support of quality service delivery, systems and policy innovation, and timely partnerships for civic action. In FY23, this portfolio provided 112 grants totaling \$10.3 million, including \$5 million in the form of 26 three-year general operating grants to support organizations helping residents overcome housing and food insecurity and get access to healthcare.

The Trust made an additional \$1.3 million in grants to 18 grants organizations providing essential services to residents through the Unity Fund and \$1.2 million in direct and collaborative funding to support services for migrants and asylum seekers arriving from the southern U.S. border.
