Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Part I, Line 2:

The U.S. Department of Treasury recognizes two methods of international grantmaking: equivalency determination and expenditure responsibility. The Chicago Community Trust utilizes a third party to assist in its due diligence for completion of both equivalency determination and expenditure responsibility processes related to international grant making.

Equivalency determination (ED) is conducted to assess whether a potential non-U.S. Grantee organization is the equivalent of a U.S. Public Charity. It involves collecting certain information from the grantee about its origins, activities and finances through an affidavit. The Chicago Community Trust utilizes a third party that assesses the respective organization, coordinates with an independent Qualified Tax Practitioner to deliver an ED letter and written analysis, and provides an ED opinion for The Chicago Community Trust's ED grants. Additionally, The Chicago Community Trust engages outside legal counsel for ED opinions.

Expenditure responsibility (ER) is conducted when making a grant to a domestic or international organization that is not a U.S. Public Charity or determined to be the equivalent of a U.S. Public Charity. The Chicago Community Trust uses reasonable efforts and adequate procedures to ensure that a grant is spent only for the purpose for which it is made and obtains full and complete reports from the grantee organization on how the funds are spent. The Chicago Community Trust requires that its overseas grant recipients complete a pre-grant screening process, facilitated by a third party, which begins with a questionnaire requesting organizational information such as mission, financials and board composition. This questionnaire also requires specific details regarding the planned use of grant funds, including the proposed budget, to ensure that the funds are intended for charitable purposes. The Chicago Community Trust also reviews these reports to confirm that "Specifically Designated Nationals" ("SDNs") are not principals of, board members of or substantial contributors to the recipient organization. The Office of Foreign Assets Control of the U.S. Treasury designates SDNs as individuals or companies owned or controlled by, or acting for or on behalf of, countries that are economically sanctioned for such activities as terrorism or narcotics trafficking.

If all components of the screening process meet The Chicago Community Trust's standards, the grant is approved. The recipient must agree in writing to provide a financial and narrative report on the use of the grant funds in accordance with the pre-determined reporting schedule set by The Chicago Community Trust. A third party recommends specific reporting deadlines (annual and final) based on the grant activities/expenditures and the grant timeline. The Chicago Community Trust coordinates with the third party no less than annually to monitor the status and due dates of grant reports and any notes or actions taken until the grant funds have been fully expended. If the recipient fails to submit the report, that organization becomes ineligible to receive future grants from The Chicago Community Trust.

Programmatic grantmaking follows an application process. Prospective grantee organizations submit grant applications outlining the purpose of the grant, the population to be served, and the expected outcomes. Staff review the proposal to determine the merits of the application in order to make a recommendation. All recommendations are then presented to the CEO for consideration and approval. Recommended funding requests over $250,000 are also presented to the board for review, with the board providing final approval on those above $500,000. If approved by either the CEO or the board, the funding request is awarded. Upon award, the grant management office prepares the grant agreement that includes the purpose of the grant, the grant conditions and the grant payment schedule. The grantee organization must accept the grant by executing and returning the grant agreement to The Chicago Community Trust. Once received, payments are initiated by the grant management office based on the payment schedule and provided that all grant conditions are met. At the conclusion of the grant period, the grantee submits a final report describing the use of the grant and the outcomes. Donor advised grant recommendations are submitted to the

Trust by the fund advisor. The grant management office conducts due diligence on each recommendation, which includes vetting the grantee organization for 501(c)(3) status, the charitability of any purpose restriction, and other legal requirements. Grants that are validated through the diligence process are authorized for payment by the grant management office. The Chicago Community Trust also awards grants through a designated grantmaking process. This process allows donors to provide funding to specific charitable organizations by establishing a designated fund that names the charitable organization as the beneficiary. The grant management office conducts due diligence on each designated organization, which includes vetting the grantee organization for 501(c)(3) status, the charitability of any purpose restriction, and other legal requirements. Grants that are validated through the diligence process are authorized for payment by the grant management office.
